Mr. Ken A. Kluksdahl
Goldstrike Mine Manager
Tenneco Minerals
P.O. Box 2650
St. George, Utah 84770

Dear Mr. Kluksdahl:

Re: Final Approval of Permit Amendment, Phase I - Carbon Recovery System,
Goldstrike Mine, M/053/005, Washington County, Utah

The Division has completed its review of your recent notice (received December 16, 1991), to install a new carbon scavenger recovery system in the existing Merrill-Crowe plant building at the Goldstrike Mine. The plans do not involve any additional surface disturbance and will be contained within existing mine processing facilities. The plans have been found acceptable and the plan amendment is hereby approved. It is our understanding that the State Division of Water Quality has also acknowledged acceptance of these plans.

Thank you for your cooperation in keeping us apprised of your operational activities at the Goldstrike Mine. Please contact me directly if you have any questions or concerns regarding this approval.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
